## admission behavioural assessment day

diggiddy**doggy**daycare (DDDC) is a socially interactive play centre for dogs. Your dog will be mixing with other dogs during the course of their fun-filled day. However, dogs with any aggressive tendencies or behaviours that could lead to a potential problem cannot be accepted into the centre. An Admission Behavioural Assessment\* is required for every dog wishing to become a DDDC member and is conducted during their first day stay in the Centre. This Assessment is to determine the dog's level of social abilities, health and to determine if he/she is suitable for this type of "indoor park" play environment or if the environment may pose as a potential problem for your dog and/or the other pack members.

\* A once-off, non-refundable fee of \$21.00 (incl GST) is applicable.

**Please bring with you to the Admission Behavioural Assessment your dog's current C5 certificate or written proof from your vet stating that your dog is up to date with all C5 vaccinations. The C5 includes vaccination against canine cough which is important, especially for highly socialised dogs.**
